

# Education Services

Support for schools that provide education and care to students from JK to Grade 12

We assist in situations that require behavioural interventions with students who are experiencing extreme behavioural, emotional, psychological, and/or developmental challenges.

## Classroom and School Support

We support students who are experiencing social and/or behavioural difficulties in the classroom, for a limited time on an ongoing basis. We assist in creating and maintaining a safe and positive environment throughout the school.

## Community Support

We offer one-to-one support in the community for students with social and/or behavioural difficulties who require life-skills training to gain more independence. This may include outings, co-op placements, vocational training, job search, and accommodation planning.

## Group Programs

An interactive character education and social skill program for students using role-play activities, games, and class discussion to support positive peer relationships and social skill development.

## Consultation and Training

Staff development and training workshops for teachers, staff, and parents are available to address behavioural issues and develop social and life skills.

All service is provided on a fee-for-service basis.

## Bartimaeus Behaviour Specialists

- Hold a university degree or college diploma
- Have a minimum of five years experience in the social services field
- Have excellent interpersonal skills
- Have current First Aid and CPR training
- Are covered by professional liability insurance
- Have the ongoing supervision of the Director/Coordinator of Services
- Have undergone vulnerable sector and criminal background checks

We match our Behaviour Specialists' knowledge, abilities and expertise with each individual's needs. We believe that a positive fit between the individual and our Behaviour Specialist is vital for service effectiveness.
